Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I use compounded products because
the standard medications did not work
for me. I was fortunate in having a
physician who specialized in women. I
resent the fact government and drug companies
are attempting to decide what is best for
me. How dare you interfere. In addition,
what is inordinate amount definition
which will impact my health and
well being. I strongly object to this
thought process.
